What is DBT?

- Teaches client skills to help regulate emotions, improve relationships, and prevent self-destructive behavior.
- Used largely for borderline personality disorder, eating disorders, and substance abuse.
- Can be used in a variety of settings for all age groups, especially children and adolescents.

2150 W. 29th Avenue #310, Denver, CO 80211

<https://www.bendigati.com/>

- Offers DBT groups for ages 15-26 years old.
- Also offers parent support workshops and other services.

Charlie Health

1-986-206-0414

<https://www.charliehealth.com/treatment-modalities/dialectical-behavior-therapy>

- Provides personalized intensive mental healthcare to teens and young adults.
- Provides individual and family therapy and intensive outpatient groups, including DBT and CBT
- Accepts all insurances, including Medicaid, Tricare, and all commercial insurances.

Cherry Creek Psychotherapy

303-909-9054

1325 S Colorado Blvd, Suite B-108, Denver, CO 80222

<https://cherrycreekpsychotherapy.com/>

- Group therapy programs for adolescents, ages 12–17, and young adults ages 18–29
- Cherry Creek Psychotherapy has created and uses a unique, “hybrid” version of Dialectical Behavior Therapy (DBT) that has modified the traditional DBT teachings to be more age-appropriate while incorporating Cognitive Behavior Therapy (CBT) and other types of therapeutic practices.
